Our Mathrusamithi got the label as best Mathrusamithi among the 19 BVN schools during the Yoga competition held at our school. They were appreciated by each and everyone from other schools for their selfless dedication and teamwork. Give a big applause to our Mathrusamithi.

“The essence of education is to help you discover your uniqueness and young children learn best through exploration”

As the greatest saying goes “Education is the passport to the future, for tomorrow belongs to those who prepare for it today.”

We are drowning in information and severely starving for wisdom today. Fortunately, we are empowered with demographic dividend knocking on our door. We just need to break the cocoon and let in the beautiful colours of knowledge. I am sure in the coming years, we shall successfully channelize the halo of the young minds to explore best of their abilities.

As we approach the flag end of this year we thank the almighty God for his abundant blessings bestowed upon us year after year.

Towards the end may I Take this opportunity to thank the supportive management whose continues support to our ideology of education has enabled the school to come this far. Our teachers and the entire staff also deserve a great applause for their tireless efforts in implementing the route map of imparting quality education.

With that let us foresee a world of universal singularity where our children are going to be the propellant of this Change and the world shall be a beautiful place to live in.

Wishing you all a very happy Christmas and a Happy New Year.

Let me wind up

Thank you
